BSI Certified Product
AS/NZS 1716:2012 L1:RMP No 793811

AYO HC HEALTHCARE REUSABLE RESPIRATOR

- Enhanced Breathing Protection than N95 Grade Paper Masks
- Designed for Healthcare and Non-industrial Settings
- Reusable, easy to clean and disinfect

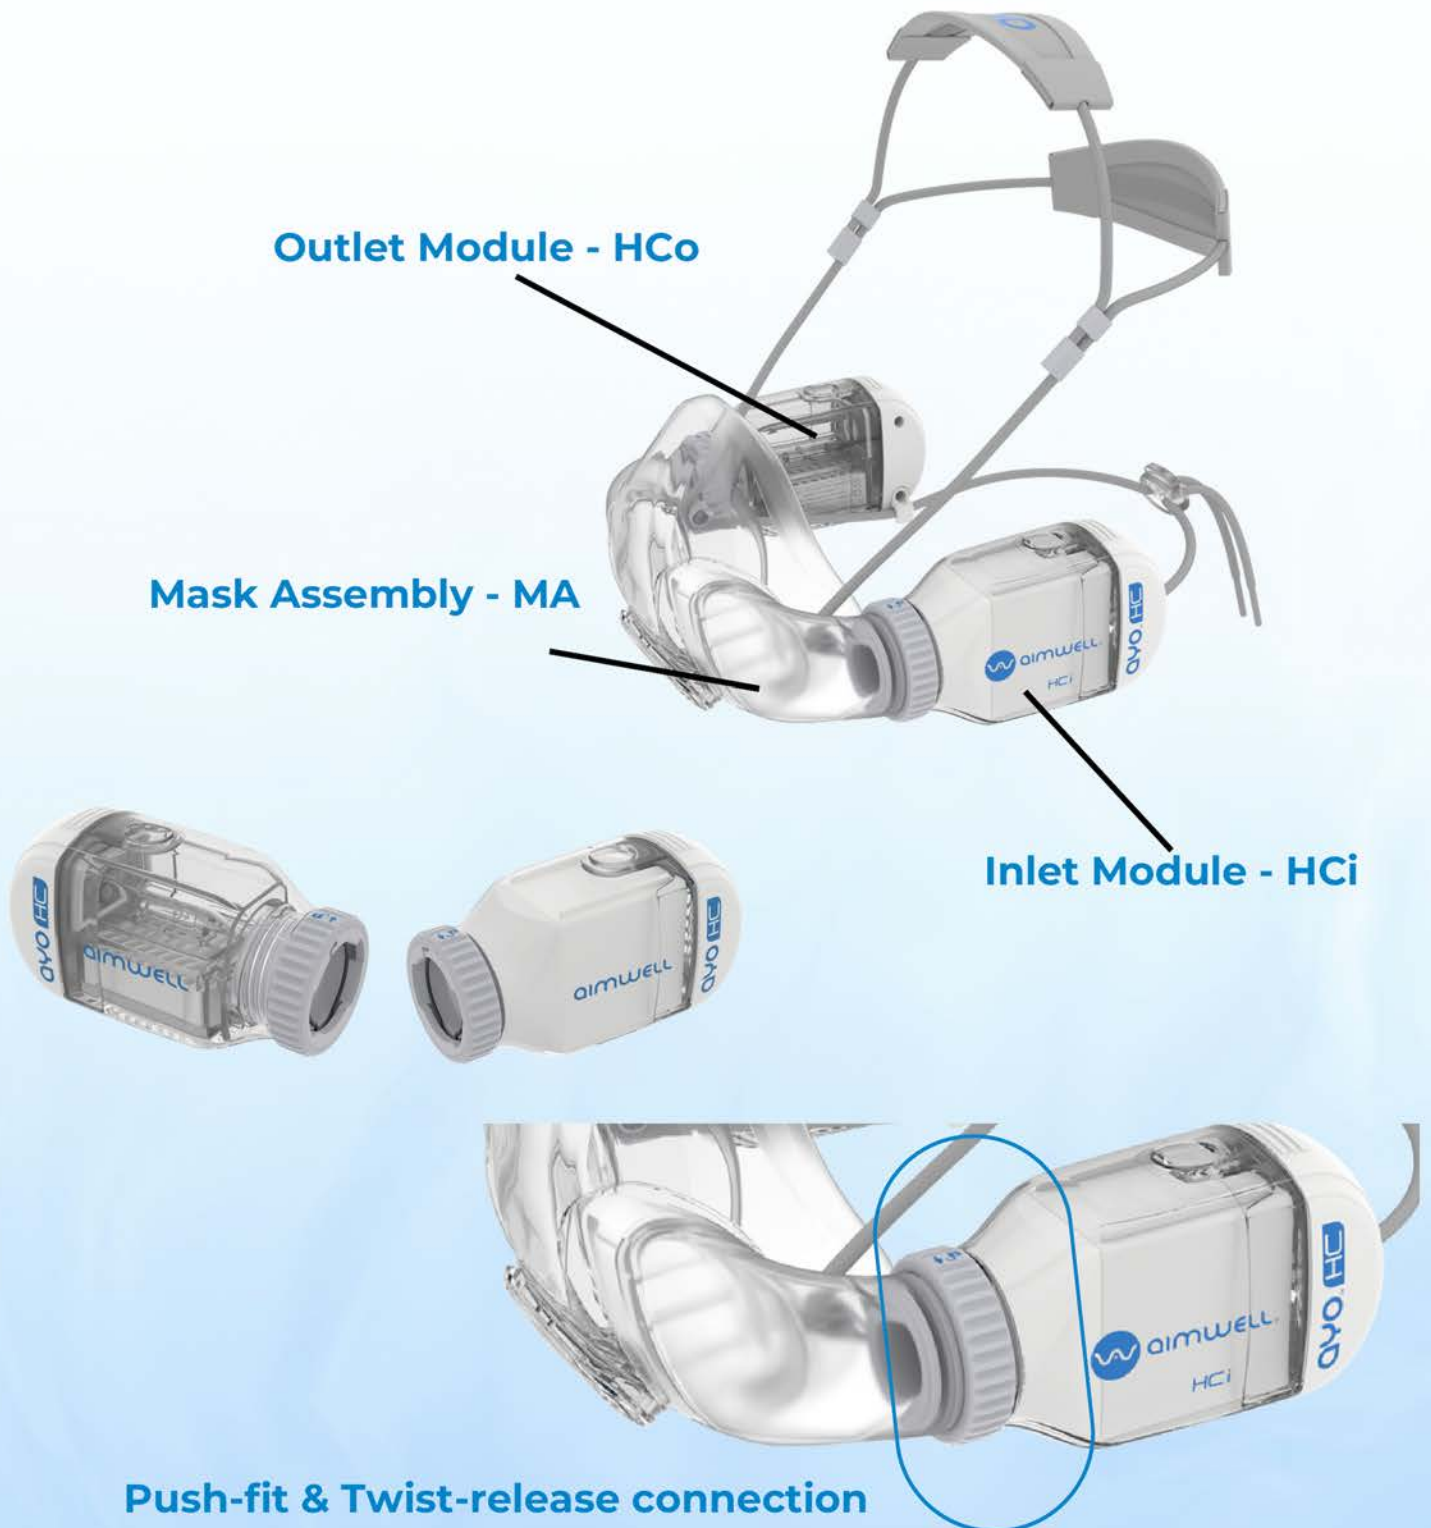

INTENDED USE

- To prevent the transmission of airborne diseases between people;
- For therapeutic use such as for surgical, clinical, medical use, or use in other health services;
- For general public respiratory protection from air pollution, pollen, bushfires, etc.

PATENTED STRUCTURE

- Reusable Mask Assembly
- Inlet and Outlet Modules with AYO patented Push-fit & Twist-release connection.

Features:

- Industrial-grade protection for non-industrial settings.
- 50 times better effective protection than N95 paper masks.
- Wearer droplet filtration capability.
- Low-profile and great field of view – exercise compatible.
- See-through silicone mask – easy to see your expression and comfortable to wear.
- Built-in speech diaphragm – easy to talk.
- Easy to clean and disinfect.
- Patented modular structure with Push-fit & Twist-release connection.
- Future upgradable to AYO HC PAPR.

Benefits:

- Prevent the transmission of airborne diseases between people.
- Reliable respiratory protection for asthma attacks and COPD exacerbation triggered by flu, pollen, dust, and air pollution.
- Breathing protection in gyms and during physical exercises.
- Long filter life and low running cost.
- Reusable and environment-friendly.

ACHIEVING OPTIMAL BREATHING

We are healthy breathing innovators.

Our patented platform offers enhanced and reusable protection to prevent the transmission of airborne diseases between people, as well as pollen, dust, and air pollution in non-industrial settings, making it a new-generation respirator for doctors, nurses, dentists, as well as for asthmatics, COPD patients, elderlies, and even for people during physical exercises.

Our mission: We strive to help you breathe safer and better
