

QYO™ WX

A NEW STANDARD FOR PROTECTING WORKERS' LUNGS

QYO™
RESPIRATOR

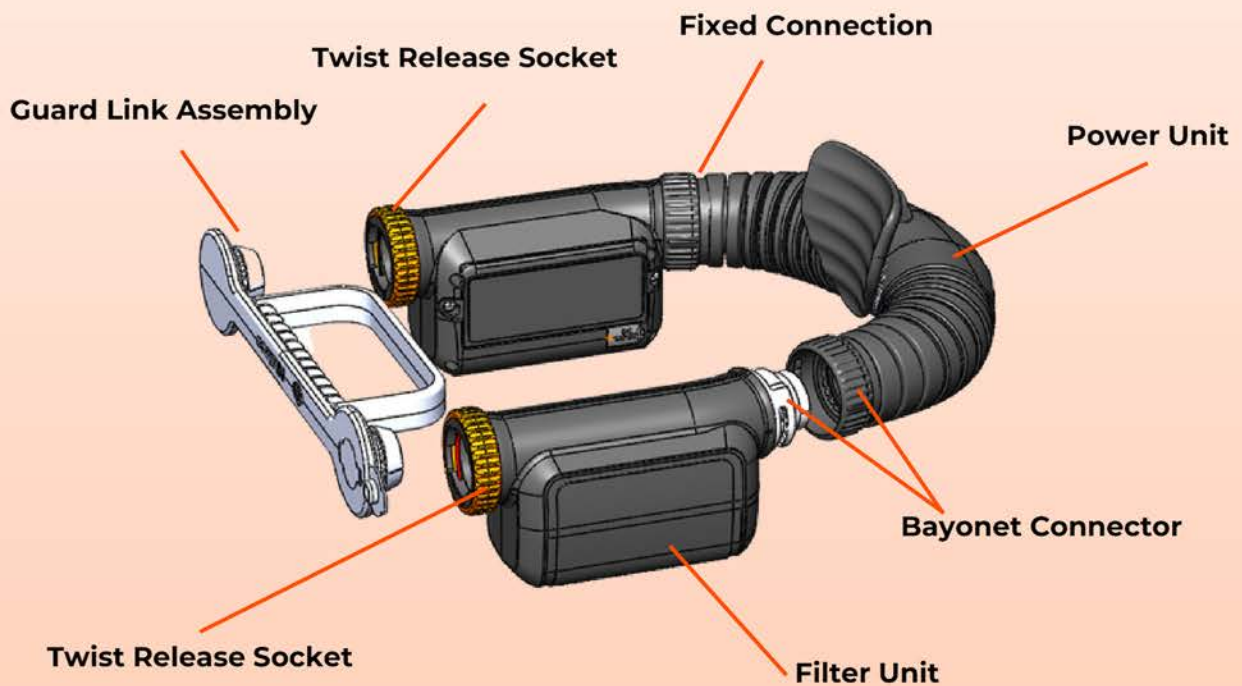

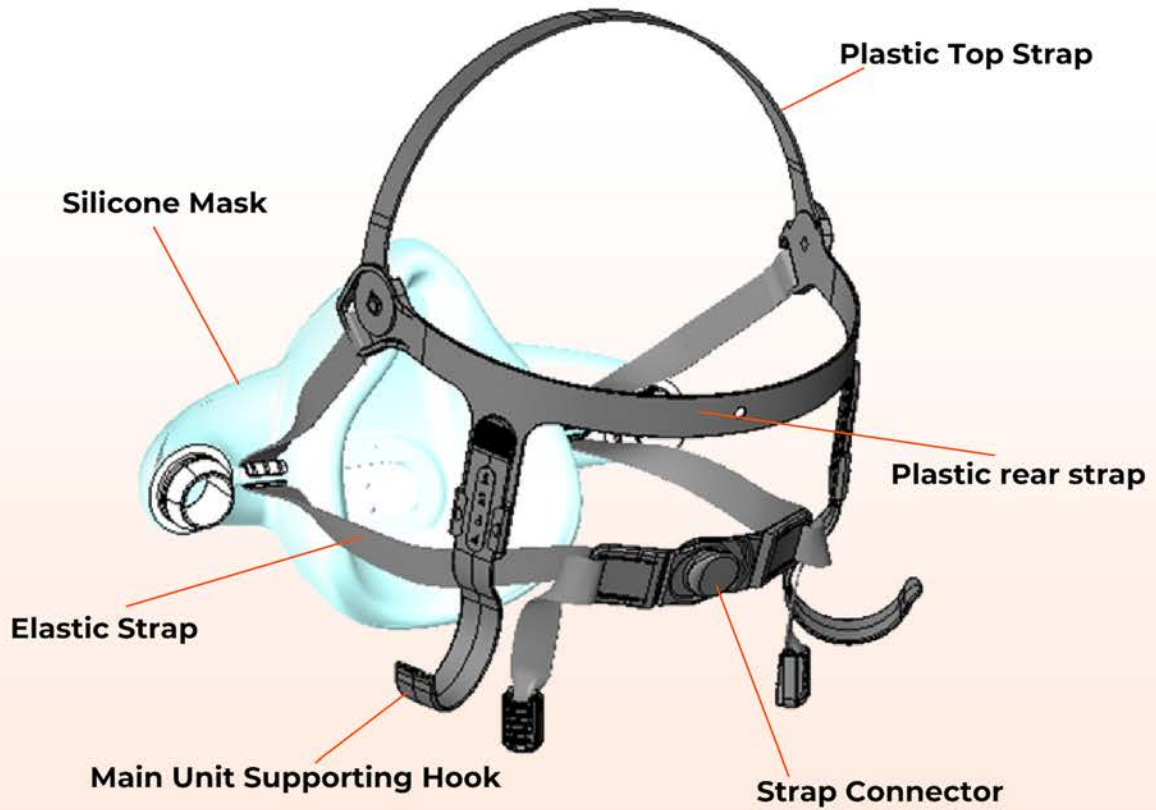

PRODUCT CERTIFICATION

BSI Certified Product
AS/NZS 1716:2012 L1:RMP No 793811

PATENTED STRUCTURE

- Push-fit & Twist-release Connection
- Mask Assembly
- Main Unit

AYO WX POWERED AIR-PURIFYING RESPIRATOR

- Best-in-class Protection with Lowest-in-class Costs
- Best-in-class Wearability for Doing Tough Jobs
- Best-in-class Battery life with Battery Replaceable

OHS AND WHS COMPLIANCE

AYO WX STANDARD HALF MASK SYSTEM

For asbestos, silica dust, metalliferous dust, powder coating, coal dust, and sawdust protection.

AYO WX-WELDING HALF MASK SYSTEM

For welding fumes protection.

Features:

- Superb protection level and fit factor – PAPR P3 with nominal protection factor > 2000 (Clean-shaven)
- Compatible with common short beards – with protection better than most loose-fitting PAPRs.
- State-of-the-art micro-blower technology.
- Positive pressure ensured by Aimwell Breath Responsive Intelligent flow control technology.
- Ample battery capacity with up to 16 hours of run time.
- Battery replaceable.
- No Hose, no belt, no hassles.
- Low profile, lightweight, and great wearability.
- Can be worn to have a shower before taking off the respirator.
- Very easy to operate, clean, and maintain: can be tap water flushed.

Why Buy The Dust Respirator Mask AYO WX PAPR P3 Series

- The best-in-class PAPR in the world for its overall performance: High level of protection and comfort, breakthrough mobility, easiness of use/maintenance, and low cost.
- Reliable respiratory protection for a wide range of applications containing asbestos, silica dust, welding fumes, metalliferous dust, powder coating dust, coal dust, and sawdust.
- Comfortable to breathe, wear, look, and move around.
- Enhance productivity: light-weight and low-profile, no nuisance hose and the hassles of belt-mounted bulky and heavy PAPRs.
- Great use flexibility: with or without a helmet, standard half mask or welding half mask, half mask or Full-face mask (coming soon!).
- Low running costs: unique low-cost pleated pre-filter – fewer HEPA filter replacements.
- Award-winning Aussie invention with world-class quality.
- Unbeatable value for money for lung health protection.

ACHIEVING OPTIMAL BREATHING

We are healthy breathing innovators.

Our patented platform safeguards against severe respiratory hazards encountered on industrial sites, such as welding fumes, asbestos, and silica dust.

Ideal for OHS and WHS compliance, AYO WX is a new standard for protecting workers' lungs.

Our mission: We strive to help you breathe safer and better
